

AutoShack Weekly Tip

ASWTMarch292020

SIDE PULLS AND ALIGNMENT

- If your car pulls strongly to one side, you likely have a bad alignment problem and you should not ignore it.
- All of your tires should wear evenly and they must wear together. Bad alignment will cause quick and uneven tire wear.
- Tires are usually a big vehicle investment so make time to perform an alignment to extend the life of your tires.

PHOTO SHOWS UNEVEN TIRE WEAR. ALL AREAS MUST HAVE THE SAME AMOUNT OF WEAR.
